

# THE TRIANGLE AREA: OCTOBER 20-22, 2017

This is a busy week end for the area and people have many, many choices of what to do and where to go. Duke is having its Family and Friends week end with an afternoon football game. The State Fair is on in Raleigh. Franklin Street in Chapel Hill is always busy.

We have decided to provide flexibility to what District 27 members might want to do while at the Fall Council/Conference and we are providing a list of points of interests and shopping here for your advance planning. The websites will help you gain additional information as to hours, costs, and location. Some information will be available at registration.

We hope you enjoy the Triangle Area!
